ASTELLAS PHARMA US, INC.’S “TRANSPLANT EXPERIENCE” PROGRAM RECEIVES NATIONAL RECOGNITION
Multi-award winning program offers resources to empower transplant patients and their caregivers

DEERFIELD, IL, February 26, 2007 – Astellas Pharma US, Inc., a leader in the field of transplantation, has received national honors for their Transplant Experience program – a program offering a variety of tools to help empower patients and caregivers to become active participants in their health care. Since the program’s inception in 2005, Transplant Experience has earned 16 awards, recognizing the quality of various tools from the program, including the Web site (www.TransplantExperience.com), quarterly newsletters, welcome kit and topical booklets. Transplant Experience provides resources for transplant recipients throughout every stage of the transplant experience – pre-transplant, the first year after transplant and beyond.

“Educating the patient community and sharing scientific knowledge with healthcare professionals is Astellas’ responsibility as a leader in the field of transplantation,” said Richard Miller, Vice President of Sales and Marketing, Immunology for Astellas Pharma US, Inc. “The numerous awards the Transplant Experience program has earned reinforce our efforts and commitment to providing trusted and quality products that support the long-term health of transplant patients.”

The Transplant Experience program includes, tools, tips and advice from experts in transplantation, including physicians and nurses, and also provides peer-to-peer information from transplant recipients. Materials are available at www.TransplantExpierence.com or by calling 1-800-510-6990 and include:

- Welcome kit, including an inspirational video, a personal treatment journal and a unique pill box to help patients organize and carry their medicines
- Vital information sent directly to patients throughout the year, including newsletters, emails, videos, special gifts and more
- Regular updates on news and events in the transplant community
- Shared stories of challenges and successes
- Tools and advice to help patients achieve long-term health

- more -
